The ATHENA Award is an international honor recognizing the leadership of outstanding professional and businesswomen who advocate and provide opportunities for women to move into leadership positions. We know the value of emerging and transformative styles of leadership that are closely tied to the intuitive strengths that women bring to leadership, such as Authentic Self, Relationships, Giving Back, Collaboration, Courageous Acts, Learning, Fierce Advocacy, Celebration and Joy. The ATHENA Leadership Model® captures these principles for use in contemporary settings, while acknowledging that they have been handed down from women across the world and over generations. In short, the ATHENA Leadership Model meets the needs of emerging leaders and speaks convincingly to women leaders who will head the organizations of the future.
